

SECTION I -- Overview

The Board of the ATD Sacramento Chapter is tremendously appreciative that you are interested in being a presenter at one of our meetings. To be sure that this is a wonderful experience for everyone, we are offering the following guidelines for those with whom we are able to work.

1. We work to have events confirmed at last 3-6 months in advance, and sometimes may have bookings up to a year in advance of the presentation date.
2. We strive to offer presentations to our members on a variety of training topics (please see “Speaker Proposal Form” for general themes).
3. Those whose proposals are not accepted should hear back from us within two months of the date they sent their submission. Those who are to be offered a definite presentation will hear back within a similar period of time. Those whose proposals are being held for future consideration will be notified that this is the case and contacted again if/when their proposal is again actively under consideration; those waiting for updates can [contact us](#) for updates at least on a quarterly basis if they have not received a formal follow-up call or note.
4. Please remember that our primary audience is comprised of those working in training and staff development, including those new to the profession, as well as those who have a lifetime of experience in the field. Our members tell us they come to our activities to learn from colleagues and walk away with practical, cutting-edge tools and information, which they can immediately put to use on behalf of their organizations and those they serve. **Our members want engaging and interactive presentations. Please be prepared to integrate them in some type of experiential experience and/or discussion along with a practical take-away for participants to apply concepts they learned.**

SECTION II – For Those Who Are Scheduled As Presenters

5. Believing that we can all learn from each other, we are happy to work with presenters who want assistance with drafts of their PowerPoint presentations. Please let us know at least one month before the date of your presentation if you would like this level of help; we can review your materials for narrative flow, effectiveness of design, and the consistency of style from slide to slide which leads to great presentations.
6. We are always happy to provide space, during the meeting, for you to leave copies of materials which promote your work; we ask that any additional face-to-face efforts you make to promote your work be handled as the event comes to an end and that your formal presentation focus on the topic which has drawn our members to the event.

SECTION III – Actions/Deadlines

- Final title and program description, if different from what you originally proposed
Due 6 weeks before date of presentation
- List of equipment needs
Due 4 weeks before date of presentation
- PowerPoint presentation for review
